

Backwell School Remote Learning Provision

The aims for our remote learning provision are in line with those set out by the Lighthouse Schools Partnership:

Easily accessible

- All students have access to appropriate hardware and have received training in how to access online learning provision such as Frog and Microsoft Teams.
- All staff are trained in how to confidently, effectively and safely deliver remote learning.
- Parents have access to on line tutorials in how to support their child's remote learning.

Harder to stop

- The planned curriculum in each subject studied by students continues in the event of individual, class or whole school closure.
- Students follow their existing timetable, giving them a familiar structure which will support them to be on task and limit distractions within the home.
- All teaching sequences have high quality teacher input and explanations with opportunities for students to apply learning.
- Learning is assessed through submitted work and feedback is given.

Easier to restart

- Because our remote learning provision follows the same sequence of lessons as the curriculum in school it provides continuity so that no individual or group is left behind when they return to the classroom.
- When returning to the classroom teachers will understand the progress made by their pupils. Misconceptions and difficulties will have been quickly identified and addressed to ensure no barriers exist to their future learning.
- The regular opportunities for assessment and feedback enables both teachers and students to have a clear understanding of their current learning.

How will Remote Learning Work?

| Students self-isolating | School response for students in Years 7 - 11 | School response for students in the sixth form |
|--|---|---|
| <p>A Whole class or year group off for a <u>defined</u> period of time</p> | <p>Live learning will immediately resume (the next school day after being informed).</p> <p>Students will be taught in their usual classes via Microsoft Teams.</p> <p>Students follow their usual time table.</p> | |
| <p>B Some students in the class off for a <u>defined</u> period of time</p> | <p>Remote learning will immediately resume (the next whole school day after being informed).*</p> | <p>Blended lessons will immediately resume (the next school day after being informed).</p> |
| <p>C Some students in the class off for an <u>undefined</u> period of time</p> | <p>Resources and tasks will be available on Frog for each subject according to the student's time table.</p> | <p>Those who are at home will follow the lesson on Microsoft Teams and those in school will participate in the classroom.</p> <p>Students will follow their usual time table.</p> |

* For example, if the school is contacted at 1.00 pm on a Monday, remote learning will be in place for the time tabled lessons on Wednesday
