Dear Parents/Carers

Year 11 personalised revision programme

This week we have launched our personalised revision programme for Year 11. Students have been talked through the process during tutor time and have had their personalised programme added as an assignment on Frog. The revision programme sessions start on Monday 4th March.

This programme of revision has been prepared for them by their subject teachers. It is a programme that, if followed, will ensure that you revise all the content of their courses and practise the techniques needed to be successful. It is designed with the sole purpose of supporting them and facilitating their revision.

The programme has been designed to balance the amount of time that students should be spending on each subject based on the amount of curriculum content in each area, giving more time to subjects with more lessons/exams.

Students have been told that this programme will be most successful if they make this programme their own, the programme is deliberately in MS Word giving students the ability to edit their plan and move sessions around to accommodate other commitments and events. As this happens outside of school hours and you have the best understanding of these commitments, please can you support them with this part of the process.

All of the sessions have been designed to be between 35-40 minutes with a variety of revision styles and techniques. The content for these sessions is accessed on Frog, type '**GCSE Revision Site**' into the search bar or use the link below:

<https://frog.backwellschool.net/revise/revision-programme>

As we approach the exam period, there is an increasing amount of 'free choice' built into programme, by this time students should have developed routines and habits and can edit their plan to add the revision that they think is the most appropriate for them.

Students' confidence comes with experience and practice, please check in regularly with them about their revision and help them celebrate and reward them for their hard work and success.

To help you support your child with their revision, I will be forwarding you a separate email with their personalised plan attached, they will have their own copy from Frog already.

Kind regards

Mr J Pretty
Assistant Headteacher
