

March 2024

Dear Parent/Carer

Year 13 A Level Mathematics Exam Preparation Material

As we approach the summer A Level examinations, students will have covered all examinable content in lessons and will move into revision and exam preparation.

The Maths department have put together a revision pack of past papers and a booklet of questions from each topic that the students can use to support their revision.

From our experience, completing as many past exam papers as possible helps students to gain confidence and achieve their full potential in the final examinations. Being able to write on the booklets increases the effectiveness of this exam preparation, particularly where diagrams are included.

The cost of the exam preparation materials is £2.00, this is to cover the significant photocopying expenses required to enable each student to have a set of materials they can write on as they work through the questions.

Please make the £2 payment via www.parentpay.com, the school's online cashless payment system, as soon as possible. If you have any problems accessing the service, please contact the Finance Team on 01275 465941.

In cases of financial assistance please contact the Finance Team via email at finance@backwellschool.net who will be able to provide information regarding the 16-19 Bursary Fund. This is available to post-16 students who are in receipt of free school meals or whose Parents/Carers receive Child Tax Credit or Universal Credit.

If you require any further information, please do not hesitate to contact me.

Yours sincerely

L Morris
Maths KS5 coordinator
