

Dear Parents/Carers

Over the last two days we have been delighted to welcome our new Year 7 and Year 12 students to school. It is fantastic to see them all ready and raring to go and also to see so many of them either cycling or using the new 'Park and Stride' system and walking to school now that we are no longer able offer drop-off and collection on the school site.

A little later today we will be sending emails to individual year groups which will give details of where your child(ren) should gather on arrival at school on Monday morning (7 September). We will include a map outlining the specific areas allocated to their particular year group for outside space, canteen facilities, break times and toilets for your information. Please keep an eye out for this email later and go through it with your child(ren) before they come to school on Monday.

On Tuesday this week we sent an email giving parents updated information about the re-opening of school. Please ensure that you are familiar with all the arrangements that have been put in place. You can read this email [here](#). We will continue to update the [September 2020](#) page on our school website with any new information as necessary.

Finally, please click on the following link to see the ['Grab and Go' menu](#) that our school caterers are able to offer students at this current time. More information about the catering arrangements can be found on the [Catering](#) page on our school website.

We look forward to welcoming all students back to school on Monday!
