A varied day at school with student mental and physical wellbeing and stimulation at the heart of it.

Our Science Workshops promise to dazzle with interactive sessions exploring chemical reactions, rocket launching, UV light, sound stations and evolutionary bingo, to name a few .

African Drumming is back by popular demand, which receives rave reviews each year during Enrichment Week. Students will feel upbeat after a session with the djembe drums.

Group leaders will take advantage of the summer weather to devise a mixture of fun outdoor games as well creative activities.

Bristol Street Art Tour + Graffiti Session

Popular Bristol street art tour operator, Where The Wall, will run a fascinating, fact-filled walking tour around Bristol city centre, led by local artists who will share their passion and knowledge.

After the tour, the group will return to school for the Art Department to build on their morning's experience, by running a variety of projects that students will be able to take home with them.

Another varied day at school with the focus being on student mental and physical wellbeing.

The incredibly popular Animal Encounter workshops will teach the students interesting facts about mammals, reptiles and rainforest animals.

Interacting with animals has a host of health-boosting benefits and the activity provider will ensure each student is able to spend time with the animals.

Animation Nation will inspire students bring their ideas to life in mini animation workshops where creativity, imagination, and fun on the agenda.
